Resolutions made its report.

PLATFORM AND RESOLUTIONS.

Your Committee on Platform and Resolutions would respectfully report as follows:

The Silver Party of Nevada, in Convention assembled, at Carson City, on the 4th day of Sept. 1894, declare that platforms should assert cardinal principles of political faith concerning questions of public interest and present moment without equivocation or evasion. We hold that history has demonstrated that these principles are right and equitable, and their observance necessary to secure the welfare and individual happiness for which this government was established.

SILVER.

We deny the right or authority of the Government of the United States to pass any law restricting or abridging the privilege of any citizen to the free coinage of gold and silver into standard money at the legal ratio of 16 to 1 independent of any other nation, and we demand the repeal of all laws denying or abridging that right.

We assert that any law denying or abridging the right of free coinage of gold and silver into standard money at the legal ratio of 16 to 1 independent of any other nation, is a denial of the sovereignty of the people of the United States as a nation and independent State, and a law in restraint and abridgment of production and commerce.

We assert that from 1861 to 1894 inclusive, a period of 34 years last past, the Democratic party and the Republican party have made and administered the laws of this nation; that that period has been characterized as of uninterrupted bountiful harvests and bountiful production from all our great natural resources and that our people have made unparalleled advances in skill, in every branch of manufacture and artizan-ship, that the period has been one of general health, and notwithstanding the civil war, a period of unparalleled prosperity from 1861 down to 1873. In 1873 the Republican party passed laws in restraint of the coinage of money, denying mintage to silver, the money we need in the pocket of every citizen and till of every store. The decadence of silver has been steady, gradual and unrelenting as the grip of the gold standard of money has closed around our industries and labor, and the price of every production of labor, by forest, field, mine and manufacture, have fallen parallel with the decadence of silver, which today is worth less than 50 per cent of its standard coinage value at the legal ratio of 16 to 1.

Three millions of our people are without the comforts and decencies of life, every industry in our nation is restrained, pinched and dwarfed by the demonization of silver to the great injury of every laborer, producer and tradesman in the nation.

The volume of money in circulation should be speedily increased and always be fully adequate for the requirements of business. That all money should be a legal tender for debts both public and private. That no money should exist except such as is issued directly by the national government, and nothing should be money except gold, silver and government paper.

We favor the redemption of government bonds and a prohibition of any further issue thereof in time of peace.

We demand the abolition of national banks.

We demand the collection of the indebtedness of the Pacific Railway Companies to the United States as it matures without any extension of time or change of terms or conditions. A public office is a public trust. No person or party should be trusted who has once violated that trust. Every citizen should contribute to the support of the government in proportion to his means and in accordance with the necessities of good government, but no government should augment this burden or enlarge its necessities by unnecessary, needless interest bearing debts making useless expenditures, or by failing to promptly collect what is justly due it, whether it be a loan, a tax or a tariff.

No grant should be made of public property for any other than a public purpose, and it is the duty of the government to secure to the public the enjoyment of the benefit which was the consideration of the grant or declare it forfeited.

We demand government ownership of telegraph lines and government subsidized railroads.

LABOR.

We demand that no law shall ever

be enacted restraining or abridging the development of our natural resources and we guarantee to the people freedom of pursuit and the inalienable right to enjoy the full value of all the property that their labor produces. We hold it as one of the truisms of human existence and modern progress and enterprise, that capital and labor should go hand in hand in the general advancement, happiness and good of this great commonwealth. Therefore, we claim that capital and labor should stand on an equal footing before the law, and that the laborer should always "receive a fair compensation for a fair day's work." That both capital and labor have the legal and unquestionable right to organize for mutual protection and self-preservation.

We believe that a national and a State board of Labor Commissioners should be created by law and made elective by the people to whom all questions in dispute between capital and labor should be referred and that both parties concerned be compelled to arbitrate and that the decision of such "Board of Labor Commissioners," be final and binding alike on the employer and the employee.

OBEEDIENCE TO THE LAWS REQUIRED BY ALL.

We denounce the criminal suspension of the laws of Congress by the President, such as the purchasing clause of the Sherman Silver Bullion purchasing Act; the Geary Act providing for the deportation of unregistered Chinese, when its constitutionality has been affirmed by the Supreme Court, and his neglect and refusal to enforce the anti-trust and inter-State Commerce Acts against wealthy offenders.

ELECTIVE FRANCHISE.

We denounce the purchase and sale of the Elective Franchise as destructive of our liberties and treason to our Government. We demand the disfranchisement of both parties to this crime, and the punishment of the prisoner by fine and imprisonment. The franchise once sold shall be gone forever.

LOTTERIES.

The establishment of a lottery in this State would be a blot upon the people and would result in financial ruin and moral degradation. Therefore, in the language of our Constitution, "No lottery ticket shall be authorized by this State, nor shall the sale of lottery tickets be allowed." We condemn in equal terms all Legislatures of this State which have attempted to legislate or authorize lotteries or the sale of lottery tickets.

We are unalterably opposed to the ratification of the proposed amendment to Section 1, Article 11, of the Constitution of our State, wherein it ignores all question of amnesty to persons who after arriving at the age of eighteen years, bears arms against the United States Government, for the reason that the same is un-American in spirit and contrary to the clemency already extended such persons for over thirty years, and we therefore recommend to the voters of the State to vote "No" on this proposition.

SCHOOLS.

We are justly proud of the Public Schools and State University of Nevada; we believe they should be fostered and protected above all other institutions, as upon them rests the perpetuity of our Government and the security of our liberties. We are in favor of such legislation as will increase the efficiency and raise the standard of the Public Schools and State University, until a thorough education, without expense, is placed within the reach of every child in Nevada.

We denounce in the strongest terms the Constitutional amendment to be submitted to the people at the ensuing election, providing for the investment of school monies in other securities than U. S. Government or Nevada State bonds, and recommend to the electors of this State that the amendment above referred to which provides [among other things] that our school monies may be invested in any other bonds than national and Nevada State be voted against and defeated, and our million of school money saved from loss by an unsafe investment.

We look to the people's party of America as the only national party in existence today, honestly in favor of any of the above principles and reforms, and we pledge its hearty support and co-operation of the people of Nevada in its effort to maintain and carry out the same, and the nominee of this convention for Congress, in the event that he shall have a vote for President of the United States as a member of the

House of Representatives, is hereby pledged to vote for the nominees of the People's Party, unless subsequently instructed otherwise by the Silver Party of this State.

The platform was drafted by the following committee.

Ormsby, Dr. Fox and H. R. Logan; Douglass, R. C. Pratt, R. Wilkinson; Washoe, T. V. Julian, B. F. Leete; Story, W. E. F. Deal, C. E. Mack; Nye, T. J. Bell; Eureka, P. Breen, Frank Engstrom; Humboldt, M. S. Bonfield, C. A. Lagrave; Lyon, D. Simpson, Henry Wood; Lander, J. E. Dennis, W. D. Jones; Elko, J. F. Parsons, W. A. Massey; Esmeralda, S. L. McNaughton, Daniel Holland; White Pine, H. A. Comins, Sol. Hilp; Lincoln, A. S. Thompson, T. J. Osborn; Churchill, Lemuel Allen, J. B. Ferguson.

The Convention adopted the platform unanimously and adjourned until 10 o'clock this morning.

THE HOSE REJECTED.

The members of the fire companies have decided not to accept the new hose purchased by the city. They argue that the Eureka company's hose has been in use for many years in Carson and gave the best of satisfaction. They also consider that two of Carson's citizens were bidders and that tax paying and license paying merchants should have an equal show with outsiders.

The citizens of Carson feel that the firemen have done right and administered a fitting rebuke to the Board.

The press is represented in the city today by Bragg and Wright of the Gazette; McKinnon of the Enterprise; Osborn of the Piche Record; Jones of the Reveille; Kelly of the Journal; Nixon of the Silver State; Fairbanks of the Lyon County Times, and McCarthy of the Virginia Chronicle.

Jim Oiding, the driver of Charley Bray's express wagon, departed last night for San Francisco to enter the German Hospital and have an operation performed on his mouth.

Theo. Hofer departs this evening for Reussel Polytechnic Institute at Troy, New York. Luke Howe will accompany him as far as New York.

Miss Macie and Grace Farrell, formerly of Carson, but now of San Francisco, are in Carson visiting friends.

The Last issue of the "People's Press" prints a life-like picture of the next Mayor of San Francisco—Adolph Sutro, nominee of the People's party. See it at Cagwin & Notewares.

Notice is hereby given that the Register is open from 10 a. m. to 4 p. m. Sunday and legal holidays excepted, for the registration of legal voters in Carson township, Ormsby County Nevada.

W. A. HAWTHORNE,
Register Agent.
